Gouweleeuw: The paint shop for vertical transport

Liebherr LTM 1650-8.1 for Peinemann

On behalf of Liebherr Netherlands, we recently completed an impressive project: painting a brand-new Liebherr LTM 1650-8.1 in Peinemann's corporate colors. We paint a wide variety of cranes daily, from large to small, new to used. Yet, a project of this magnitude remains something special. The result is impressive: a powerful crane with a fresh look that we are proud of.

Custom Preservation and Paint Advice

For Klaver Crane Service, we preserved their very first crane, a Liebherr LTM 1150-5.3. Because this is the first crane in their fleet, we worked with Klaver Crane Service to determine the paint specifications and provide them with customized advice. This ensured that the crane's appearance not only perfectly suits Klaver Crane Service but also serves as a foundation for future fleet expansions. The crane was painted in metallic silver, green, and orange.

Segeberger Abschleppdienst & Krandienst about Gouweleeuw:

"Halfway through this year, we purchased a used telescopic crane. From the outset, we were certain that this crane would also be painted in our recognizable corporate colors. Shortly afterward, we received the Gouweleeuw newsletter by post, after which we immediately contacted them by email. They responded quickly to our inquiry and scheduled an on-site inspection. After this visit, we received a suitable offer. The painting contract was awarded, and the crane was brought to Gouweleeuw. We could pick it up about three weeks later. We are extremely satisfied with both the process and the results of the work and highly recommend Gouweleeuw." – René Sellmer

Transport service

If desired, we can take care of the transport of the crane. We arrange both international transport and transport from the port for you. For example, for G. O'Brien Crane Hire Ltd. (Ireland) we arranged pick-up of their LTM 1230-5 from the port of Rotterdam and we put the crane back on the boat to Ireland upon delivery. Would you like to know more about our transport service? Please do not hesitate to contact us!
